

## *Outstanding Education Program*

This award goes to an educational program that is significantly impacting our field.

The outstanding educational program will have well-defined objectives for its target audience, and provide supportive educational materials, content and methods that are audience-appropriate.

The program is innovative and adaptable for other practitioners and educators to replicate and/or adapt in their work.

### *Application Questions:*

**There is a 500-word maximum for each essay question.**

Optional: Submit a short, 2-5 minute video summarizing your application. This is a chance for applicants to visually 'tell their story' and highlight their experiences in a visual format.

1. Please provide a brief history of the program.
2. Please clearly state the purpose and goal of the educational program. Provide clear examples of deliverables.
3. Please justify the need for the educational program by defining your target group and explaining why this program is necessary for them. Describe how the program addresses their specific needs and demonstrate its potential for a larger impact. If no justification is available, please indicate N/A.
4. Please discuss how the educational program works with collaborators/partners. Explain how the partnership is structured and why it is needed. If no collaborators/partners are involved/needed with the program please explain why.
5. Please discuss how the educational program materials and content are innovative and appropriate for the target audience.

6. Please describe the methods of delivery for the educational program. How are these methods considerate of the audience's literacy levels, learning styles and diversity? Provide specific examples, if available.
7. Please describe how the presentation of the educational program is interesting, interactive, engaging. Provide examples, if available.
8. How has the educational program been evaluated, and what findings show behavior changes or increased knowledge among participants? Include any quantitative data and examples of statistical tools used, if available. Additionally, share any data or stories that demonstrate the positive impact of the program, including both formal evaluations and informal feedback or personal success stories. If not applicable, please indicate N/A.
9. Please describe the extent to which the educational program can be replicated or adapted for use by other practitioners. Provide examples of how the program has been used by other entities. If it cannot be replicated or adapted please explain why, and explain how it could be broadened, if applicable.
10. Attach relevant documentation as needed, not to exceed 10 pages total.  
(optional)
11. Biographical Sketch: This will be used for the AFCPE Awards Program if applicable.
12. Summarize your application in 200 words or less. This will be used for the AFCPE Awards Program if applicable.
13. Please upload a headshot/Organization logo. This will be used for the AFCPE Awards Program/AFCPE Awards webpage, if applicable.
14. In 250 words or less, is there anything else you would like us to know about your program as we consider your application?
